BAY ST. LOUIS LITTLE THEATRE OPENS SEVENTEENTH SEASON

The Bay St. Louis Little Theatre opens its seventeenth consecutive season Thursday night with a presentation of Lillian Hellman's powerful three act drama "The Little Foxes." Starring in the leading roles are Mrs. Rene deMontluzin, Mrs. T. J. Quigley, Paul White, Curtis Matherne and Philip Allison. In supporting roles making their Little Theatre debut are Margie Ann Kemp, Kees Brainerd and Mrs. Hoyt Holland. Capt. Harold Powell plays an excellent role as the negro butler, Norman Carter completes the cast.

With the generosity of Little Theatre members who have loaned furniture, pictures and other stage accessories the Production Staff has come up with a good reproduction of a 1900 living room in the home of well-to-do Southerners.

"The Little Foxes" will be presented again Friday and Saturday March 16 and 17 at 8:15 p.m. at the Boardman Ave. playhouse. Admission is open to the public. Tickets may be purchased at the theatre on night of performance, \$1.50 for adults and 75 cents for children under 12. Season Tickets at \$5.00 and \$2.50 for children will be on sale in the foyer.

MRS. J. L. CRUMP DIED SUDDENLY IN NEW ORLEANS

Mrs. James L. Crump died unexpectedly Monday, March 12. Mrs. Crump, the former Octa Morel, a native of New Orleans, was the daughter of the late Octave J. and Mary Snyder Morel. She and her husband developed the gardens at Holly Bluff on the Jordan, which have attracted visitors from practically all over the world.

Mrs. Crump died in her apartment on the grounds of Ochsner Foundation Hospital, where her husband is a patient.

Survivors in addition to her husband are four sisters, Miss Vera Morel, Mrs. Anita Morel Tipping, of New Orleans; Mrs. Louise Morel Townsend of Bay St. Louis and Mrs. Samuel C. Almy of Cotuit, Mass.

Funeral services were held at 3 p.m. Tuesday from the House of Bultman, with interment in Metairie Cemetery.

Michel J. Necaise Jr., a Mississippi Power Company employee, was named foreman of a 17-man grand jury empaneled by Judge Leslie B. Grant Monday when the March term of circuit court convened.

Other jurors were Harley Bufin, Hayes Martin, Arnold Lader, John Koenen, George Lader, Ellis T. Pratt, Conrad Sick, O. J. Shiyou, Charles C. Scianna, Chris Luxich, Ester Lumo Lader Jr., Athen Peterson, Albert Hoda, John Johnson, Thomas Harriel and George Shiyou.

Judge Grant set the term calendar and dismissed the remaining first-week veniremen.

The Circuit Clerk's office reported petit juries were not empaneled for the first week of the term as no cases were set for trial during the week.

The following is a report given by the Grand Jury Tuesday. IN THE CIRCUIT COURT OF HANCOCK COUNTY, MISSISSIPPI, MARCH, 1962, TERM, TO THE HONORABLE LESLIE B. GRANT, CIRCUIT JUDGE PRESIDING:

We, the Grand Jury, having been empaneled, sworn and charged, for the term aforesaid, and the Court aforesaid, have been in session for two days during which time we have investigated 20 cases, have heard 18 witnesses and have returned 18 true indictments, one no bill, and three cases remanded to the Justice of the Peace Court.

The Old Folks Home was inspected and was found to be in excellent condition, and we commend Mrs. Fricke.

The Jail and Court House were inspected and found to be satisfactory.

We discussed the general financial condition of the County and recommend that the Board of Supervisors make every effort to carefully plan their expenditures and the preparation of the budget to remain within their income.

We have had before us and under our consideration the recent accusation against our County of the existence of the so-called "speed traps." We have investigated the number of cash bonds that have been placed in accordance with the law by the people who have been caught speeding. We do not find that the number of arrests has been excessive nor are we able to say that there are at the present any so-called "speed traps." We have discussed with Sheriff Price this matter, and we have urged upon him to make certain that no so-called "speed traps" are created and that every effort be made to prevent them consistent with his duties of law enforcement.

We find that it has been previously called to the attention of the City of Bay St. Louis and the Board of Supervisors that the road, Dunbar Avenue, known as Magnolia Branch, leading to the Hancock County Hospital and the Old Folks Home, is in an unusually low spot almost entirely impassable during high water. We urge that this condition be corrected immediately since the hospital would be most desperately needed under flood conditions and would not be accessible, in our judgment, at the present time.

We understand that plans are underway to renovate the Court House, and we urge that these plans be expedited.

We wish to express our appreciation to the Circuit Clerk for his preparation of the docket and the courtesy extended to us, to the City of Bay St. Louis for its cooperation, to the Sheriff, his Deputies and assistants for their excellent work and cooperation, to your Honor for your able charge to us, and to the District Attorney and the Assistant District Attorney for their assistance during our deliberations.

And now having concluded our labors, we beg to stand finally discharged.

Respectfully submitted, Michael J. Necaise Jr., Foreman of the Grand Jury

NEW FHA OFFICE TO BE OPENED ON GULF COAST

WASHINGTON, D.C.—The Federal Housing Administration will open a new Gulf Coast office on March 23 to handle increased FHA business of a six-county area of South Mississippi. The office will be located at Biloxi.

Announcement of the new FHA expansion was made by Senators James O. Eastland, John Stennis and Congressman William M. Colmer, after having been advised of final plans by State FFA Director Amy Rhoades.

Congressional and FFA officials had expressed great interest in the establishment of the new Gulf Coast office because of what they called "tremendous industrial development in the area," including plans for the new \$125 million dollar oil refinery at Pascagoula and the rocket engine testing facility in Hancock and Pearl River counties.

Herbert A. Packer, now with the Jackson FHA office, will be transferred to Biloxi to take charge of the new office.

It will accept loan applications, make appraisals and inspections, insure construction, and generally speed up service to FHA borrowers, lenders and builders in the six-county Gulf Coast area including Harrison, Jackson, Hancock, George, Stone and Pearl River counties.

Officiating at the opening will be Edgar McIntosh, formerly of Meridian, and now the Zone Operations Commissioner of FHA activities in the Southeastern states.

Other officers named were Ray Depree, junior vice commander; Herbert Shiyou, senior vice commander; Carl Heitzmann, quartermaster; Hugh Sanford, adjutant; Warren Carver, chaplain and Edward Fayard, service officer.

Hugh Miller was appointed to serve a three year term as trustee; Edward Fayard 2 years and John W. Smith one year.

The new slate of officers will be installed at the March 20 meeting to be held at 8 p.m. at the Agricultural Center.

C of C Board Meeting Scheduled

MRS. WILSON GUEST SPEAKER AT B-WGC REGULAR MEETING

Mrs. Jack Wilson of Gulfport was guest speaker at the Bay-Waveland Garden Club meeting last Thursday at the Garden Center.

Mrs. Wilson discussed native flowers and trees and showed water colors. Mrs. Ben Hille Sr., chairman of the Bay-Waveland Garden Club, presented an outline of the spring pilgrimage to be held March 22.

Mrs. Wallace Chevis, chairman of the spring flower show, discussed the event, and Mrs. C. K. Beyer read a report on the Hands program.

Mrs. R. F. Gray announced the new brick walk from the street to the center will be completed before the pilgrimage.

The tea table for the social hour was decorated with a St. Patrick Day motif. A lovely vegetable arrangement by Mrs. John Kelly was in the center.

Mrs. Walter Russo was hostess with Mesdames E. L. Ramsey, John Kelly, Alfred McCaleb, R. F. Mestayer, John Stern, Powell Glass, A. C. Emichs, H. J. LeTessier, and Miss Josephine Miller as co-hostesses.

Beta Rho Chapter Meets; Meeting Date Changed

Beta Rho Chapter of Beta Sigma Phi met Thursday at the home of Mrs. Joseph Kern.

The meeting date has been changed to the second and fourth Thursday of each month.

A slate of officers for the coming year was presented by the nominating committee, and election will be held at the March 22 meeting.

"The Art of Dress," dealing with fashions, colors, etc., suitable to the individual, was discussed by a group of members.

It was announced that a rehearsal for the style show will be held Thursday, March 22, for all models and members at St. Joseph Academy gymnasium.

Methodist WSCS Rummage Sale

The Morning Circle of the women's Society of Christian Service of the Methodist Church will have a rummage sale Friday and Saturday, March 23 and 24, at the Methodist annex adjacent to the courthouse.

Friday's sale will be from 8 a.m. to 5 p.m. and Saturday's from 8 a.m. to 12 noon.

Excellent buys in spring and summer clothes, children's shorts, etc., linens and household items.

Collision, Corner Of Main And St. Francis Sts.

Property damage, but no personal injuries was sustained in a two-car collision Wednesday.

City police officers Latham Garcia reported an automobile, driven by Mrs. Elia De Rocha, was operated by Robert Williams, 34, who was driving on Main and St. Francis streets, about 9:30 a.m., causing approximately \$500 damage to each vehicle.

PRISONER TURNED OVER TO TEXAS AUTHORITIES

Chief Deputy Sheriff Gerald Price Jr., reported that John Selling Jr., was turned over to the custody of Orange, Texas, authorities Tuesday.

Selling, 19, of Alexandria, La., was arrested by City police officers William Garcia about two weeks ago, was held in the local jail awaiting Texas officers.

Selling had in his possession a 1959 Pontiac allegedly obtained under false pretenses. He is wanted in Orange, Texas, Price said on two counts of theft and a count of auto theft.

19-YEAR-OLD BOY ARRESTED—CHARGED ATTEMPTED ROBBERY

A 19 year old boy arraigned before Circuit Judge Leslie B. Grant, Thursday morning pleaded not guilty to a charge of attempted robbery, and his case was set for trial next week.

Chief Deputy Sheriff Gerald Price said Larry W. Blank and a 14 year old youth, both of Nebraska, were arrested Friday afternoon after the younger boy was caught trying to get into the cash register at Gibson's Service Station on Uman Avenue.

According to information, there are several others who may yet be indicted during this term of court.

Girl Scouts Celebrate Fiftieth Anniversary This Week

Girl Scouts of Bay St. Louis Neighborhood celebrated the 50th anniversary of Girl Scouting by attending Church services Sunday.

Catholic troops attended 8:30 Mass at Our Lady of the Gulf Church followed by a breakfast at the Parish Hall.

Leaders attending were Mesdames R. G. Hubbard, Andy Becker, Marion Beal, Sylvan Ladner, Roland Lafontaine Jr., John Long and Francis Shippey.

Members of the Protestant Troops attended services at the Main Street Methodist Church with leaders, Mesdames J. W. Clark, W. R. Pitcairn, H. H. Shattuck and C. C. McDonald Jr.

Mrs. J. B. Goldman was recognized at the Methodist services for her many years of service with Bay St. Louis Scouts. The Scouts, Brownies and leaders joined the choir in singing a song composed by Mrs. Goldman.

In the afternoon Mrs. C. B. Jones, District Advisor, Mrs. C. C. McDonald Sr., member of Regional Committee, Region 5, Mrs. Shippey, District chairman, and Mrs. Andy Becker, leader, attended the skit entitled "This is Your Life," presented by Troops 78 and 94 at the Valena C. Jones School.

Dear Editor:
It is our desire to reach the parents, publishers, merchants and other interested persons concerning "Our Teen-Agers"—The future generation and leaders of our country.
Quoting Father Keller in his article in the New Orleans States-Item of March 13, 1962 on "The Big Increase in Teenage Population," we quote:
"The 15 to 19 year-old population of the United States hit an all time high of 13,218,000 in 1960 according to the latest census."
"This adds up to 2,500,000 more boys and girls in this upper teenage bracket than there were in 1950—an increase of 25 per cent."
"During the coming decade this same age bracket is due to approach the 19 million mark."
"This extraordinary growth presents both a challenge and a responsibility. Each and everyone of these youth, with God's help, can make his or her own unique contribution to the world."
"But to lead worthwhile lives, they must have your help and encouragement. They have a right to adequate training of mind, heart and soul."

Wasn't much fishing over the weekend—too much Carnival and too much bad water due to rains of last week. Fresh water fishing was just getting good but will be set back a little until the waters clear. Salt water fishing has been taboo for the past couple of weeks. A few specks were caught of the Hi-way and R.R. bridges last week with artificial baits.

Four crazy fishermen, Kenneth Elliott and Professor George Welch of Monroe, La., Luke Elcott of Baton Rouge and Dad, Dec Elliott, despite the weather of Friday went as far as Half Moon without a fish. Kenny said when you gotta go, you gotta go. They'll be back later they said.

Albert "Pappa" Bieh on the commuters' train says he hasn't time to go fishing and hasn't a thing to do with the blowing of the whistle on the train. The engineer must love the sound of the whistle. To us it sounds like an alarm clock.

Yours truly was in New Orleans for the election, mostly baby sitting. Mr. Ed Haggerty Sr. proved to be a champion when he was re-elected Clerk of Criminals Court for the 10th consecutive time. Mr. Haggerty received the largest vote in history in a second primary, total 101,718 votes. His grandchildren are especially proud of him.

Expect to go crayfishing in the next couple of weeks—the bugs are here according to Kenny Morrison but not large enough yet. Kenny and Jim Williams are experts at this sport.

Have heard a lot of fish stories lately—how they are caught, lost, and how big. We'll find out this weekend.

Glad to know that Arthur Lolo-cano is home from the hospital and looking better. We will get in some soft crabbing soon, Arthur.

Dr. Emile Bertucci was king of the Arabi parade Mardi Gras Day. Doc says he will be glad to get to his home at the Kiln and catch up on his fishing. He had seven of his sons on the float with him.

Yorktown pulled a fast one last Saturday when he beat Cary Back and Orleans Doge.

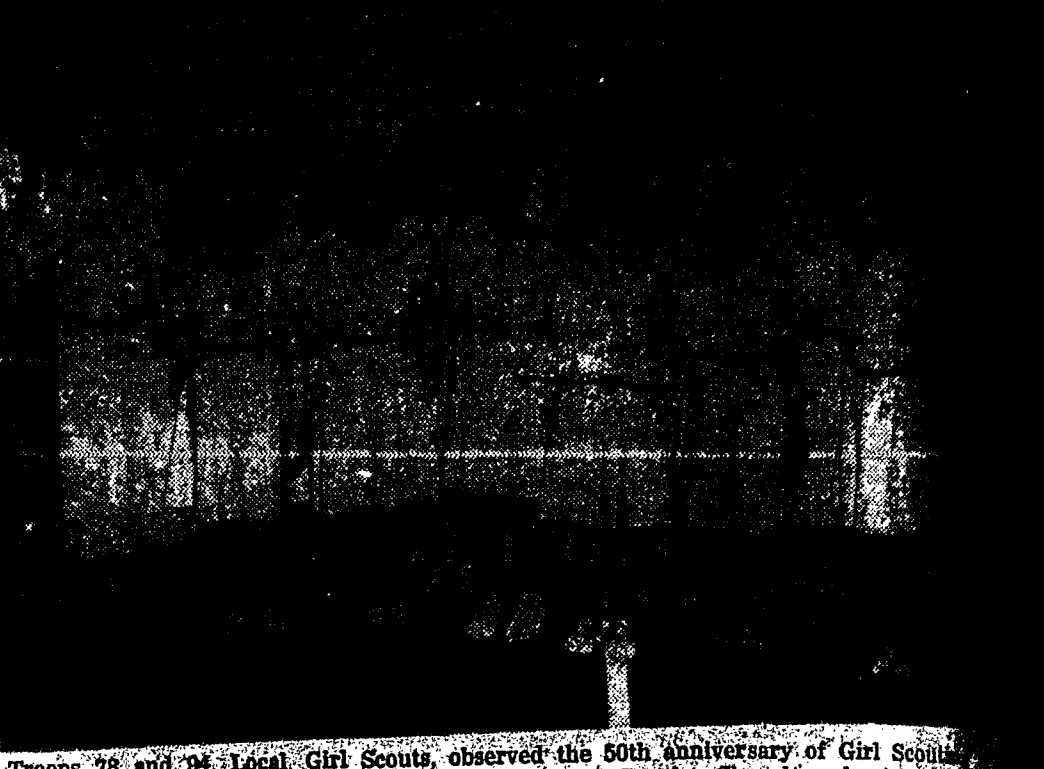

Won't be hard hunting blackberries this season. The banks of most bayous and fields are covered with the white flowers and the berries should appear soon.

Plenty of turtles are appearing in local lakes just now. They are waiting to be caught. Ask those who know how to catch 'em.

Quite a sight to have seen Mama and Papa carrying ladders with boxes and seats attached for the kids to view the parade and catch trinkets thrown to them. One way to overlook a crowd!

If you want to hear about tired feet, talk to the band members who played in the Carnival parades in New Orleans. The walk was about seven miles at a steady gait.

Horse drawn floats are thing of the past, but the horses used by

Troops 75 and 94, Local Girl Scouts, observed the 50th anniversary of Girl Scout's States Sunday by attending services at the First Baptist Church and with a Valena C. Jones High School.

CLERMONT HARBOR NEWS

The mounted police and several riding possees are a sight to see in the parades. They always receive a good hand from the crowds.

Lost another fishing partner and buddy Monday in the death of Mr. William (Capt.) Kidd. Capt. was a lover of fishing and will be sadly missed. Sympathy to all the family.

Glad to hear that Gilly Gilmore is improving after a stay in the hospital.

John Gilmore and William (Bill) Necaise caught some real green trout last weekend. They averaged 3 lbs. and the largest was 6 pounds.

It has been reported that Red fish are being caught off the south end of the seawall as far as Bayou Caddy.

Sidney Jones of New Orleans and Pass Christian enjoyed a round of golf Sunday with friends. Sid also enjoys fishing and gave us an invitation to make a deep sea fishing trip with him—Thanks, Sid.

Albert Ladner and son Larry of Baton Rouge visited Saturday with his sister, Mrs. Cora Martin.

Capt. Charles Traub, who suffered a heart attack Friday, is confined to Hancock General Hospital. Latest report is that he is improving satisfactorily.

Honored With Dinner

Mr. and Mrs. Edward Montgomery were honored with a going away dinner by a group of friends Saturday evening at Pop's Ferry.

Mr. Montgomery, who has been serving as music director of the First Baptist Church, and Mrs. Montgomery will leave the latter part of the week for Crowley, La.

Attending the dinner were Mr. and Mrs. James Filligame, Mr. and Mrs. M. J. Necaise, Mr. and Mrs. M. L. Hill, Mr. and Mrs. Frank Pike, Mr. and Mrs. Sidney Ball, Mr. and Mrs. Anthony Scalfidi and Miss Jane Dukes.

CLERMONT HARBOR NEWS

Clermont Harbor Home Demonstration Club met Monday afternoon at the home of Mrs. Frank Simmons.

Mrs. Kirk Rheams, president, opened the session with the thought of the month, "No task is so easy, but what it becomes more difficult when done with reluctance." Mrs. Simmons gave the devotional.

The roll call was answered with "My favorite detergent." Mrs. J. P. Rousseau gave a report on the recent council meeting, and plans for the dress review April 11 were discussed.

The educational topic, "Opportunities in Leadership With Youth," was presented by Mrs. Russell Kentzley.

It was announced that flower and vegetable show will be held May 8. Mrs. Martha Ridding, of Colorado, a guest of Mrs. Ola Moran, was introduced to the group.

The Blue Jean Garden Club will celebrate its 14th anniversary March 21 with a luncheon at Annie's restaurant at Henderson Point.

CHANGING SCENE 1912-1962
The 4 that goes around acting like a V-8...Tempo
Used to be that people swore by V-8's and V-8's alone. And then along came Tempo, spunky 4 to steal their thunder. The hottest version of this 4 (100 hp) puts out more power than any other production 4 in the world. More torque, too. And every version, from 110 hp on up, is smooth and silent and swift. About the only thing Tempo has in common with the big boys is its appetite for speed and extra parts. Try a drive in a 4 door, hear? You might as well have a V-8. Pontiac Tempo.

NEWS NOTE WARNING: U.S. INVADED

More than 4 1/2 million invade United States in last year. You will teach them to walk and talk, and how to live. Teach them, too, about God... give them a faith to live by. None can read, write, or speak our language. They know nothing about any religion. Trained workers at your church are ready to help. The future of your country — and your children — rests with you. Join hands with your church to give them a faith, and a future — TODAY.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

IS PRAISES NATIONAL D. RESERVE

INGTON—Mississippi National Guard and Army reserve units mobilized in recent months from Sen. John Stennis.

Stennis, discussing problems from mobilization of reserve units, told he has concluded that the emphasis should be placed on training a ready, trained force.

He said, "among the units called, I am proud to say, my home state of Mississippi was very well represented."

The 13th Air National Guard Tactical Reconnaissance Squadron, he said, is serving at its home station in Meridian, Miss.

"It was rated combat-ready long before it was mobilized," he said. "While it was not deployed to Europe as some of the other Air Guard squadrons were, it is thoroughly familiar with its overseas deployment route, having flown simulated routes from time to time. It could, with no exaggeration, be deployed on 24

Farm Bureau Discusses State And National Legislation At Meeting

The Hancock County Farm Bureau met Thursday at North Central School to discuss state and national legislation.

Representative Clarence M. Linder led the discussion on the 13 revenue bills recommended by the Legislative Committee, and Marcus Peterson, Farm Bureau representative, discussed the National Farm Bill before Congress and cited the effect it would have on Hancock County farmers if passed.

Mrs. Necaise, 83 Died Monday at Her Residence

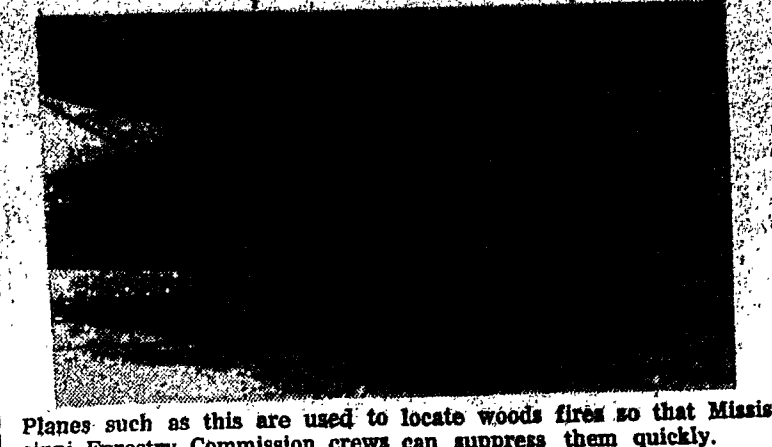

Mrs. Elvina Hoda Necaise, 83, died at 5:25 a.m. Monday, March 5, at her residence in the Rocky Hill Community.

A native of Kiln, Miss., she was the daughter of the late William and Elizabeth Malley Hoda.

Survivors are three daughters, Mrs. Corina Hoda, Mrs. Cornelia Necaise and Mrs. Irene Hoda; four sons, Cloza Necaise, Cloda Necaise and Forest Necaise, all of Rocky Hill and Loren Necaise of Piquette; a sister, Mrs. Emma Cuevas, and a brother, Zeno Hoda of Gulfport; 52 grandchildren, 107 great-grandchildren and 11 great-great-grandchildren.

Funeral services were held from the residence of Mrs. Albert Hoda, followed by religious rites at Rocky Hill Catholic Church. Interment was in Rotten Bayou Cemetery.

USE PLANES TO LOCATE FOREST FIRES

Planes such as this are used to locate woods fires so that Mississippi Forestry Commission crews can suppress them quickly.

"Next time you see a small airplane flying about 1500 feet above the ground it may be the air patrol plane spotting fires for the Mississippi Forestry Commission," says Area Forester Glenn D. Purvis of Bay St. Louis.

He explained that the Commission uses about 20 planes for fire detection during the winter months when low visibility and frequency of fires make it impossible to locate all fires from lookout towers. Most patrol planes operate under a contract with the Commission.

In addition to providing information as to location of a fire and whether or not it is a woods fire, the plane is sometimes able to spot a woods arsonist and keep him under observation while directing law officers to apprehend him. Communication between planes, lookout towers and fire-fighting crews is by two-way radio.

The plane which patrols Hancock County is based at Moss Point Airport and is operated by John Devries under terms of a contract with the Commission.

A "vacuum bottle" liquid hydrogen storage tank has been built which is composed of a stainless steel inner shell and a carbon steel outer shell, separated by insulation of fiberglass and foil. Coffee stored in such tank would stay hot to drink for two years.

NOTICE OF SUIT AND SUMMONS NO. 5193

To: All persons having claims for labor, materials, equipment or supplies supplied in the performance of the contract between the Board of Supervisors of Hancock County, Mississippi and James H. Bush and Eras King, doing business as Bush & King Trucking Company of Taylorsville, Mississippi, for road construction work on Federal Aid Secondary Project No. S-1107 (1) B, Hancock County, Mississippi, and to whom it may concern:

Take notice that Faulkner Concrete Pipe Company, incorporated in Florida, did on the 12th day of March, 1962, file suit in the Circuit Court of Forrest County, Mississippi, against Newark Insurance Company said suit being Cause No. 5193 on the docket of said Court, and triable at the next term of said Court to be held in Hattiesburg, Mississippi, on the 7th day, the first Monday of May, 1962. That said suit is filed against said Defendant upon that certain said contract dated March 4, 1959 wherein James H. Bush and Eras King, doing business as Bush & King Trucking Company of Taylorsville, Mississippi, is principal, and Newark Insurance is surety, and the Board of Supervisors of Hancock County, Mississippi is obligee, which bond concerns that certain contract dated March 4, 1959, by and between James H. Bush and Eras King, doing business as Bush & King Trucking Company of Taylorsville, Mississippi and the Board of Supervisors of Hancock County, Mississippi for the performance of road construction work on that State Highway Project commonly known as Federal Aid Secondary Project No. S-1107 (1) B, Hancock County, Mississippi.

All persons having unpaid claims upon said bond for labor, materials, equipment or supplies supplied or used in and about the performance of said contract work upon said project are hereby given notice and summoned to promptly intervene in said suit in accordance with Section 9014 through 9018, inclusive, Code of Mississippi, 1942, as amended, and to assert their claims or be forever barred.

This 12th day of March, 1962.

STATE COUNTY ROAD BOND LAW

JACKSON, Miss.—Two more Mississippi senators introduced a bill to amend the county road bond law in the wake of a state Supreme Court decision tearing it apart at key points.

The measure by Sen. Ollie Knight of Amory and Flavious Lambert of Belmont would retain the present provision that future state aid for county roads could be used to retire bonds, but added a provision placing the full faith, credit and taxing power of the county behind them.

The Supreme Court last month held state aid funds could not be irrevocably pledged to bonds because lawmakers could end the aid at any time. The court said the bondholders could not require the state to pay the obligation.

In the House, Reps. Russell Davis of Hinds and C. Odie Treanor of Chickasaw introduced a bill to put Blue Cross insurance under state mutual insurance laws.

The sponsors said the move would aid Blue Cross, which has operated under a special 1948 act they called obsolete now.

"The purpose of the bill is to clarify the status of Blue Cross

Scholarships ranging from \$100 to \$1000 will be awarded to outstanding 1962 high school graduates planning a career in music. Participants will be selected on the basis of auditions and academic excellence.

Emphasis on auditioning talents and string instruments will be especially considered. The Division of Fine Arts will present the opera, "The Student Prince" by Sigmund Romberg, July 27, and the musical "Paint Your Wagon" by Lerner and Loewe, August 24, during the summer season.

Scholarship application forms may be obtained by writing: Dr. Raymond Mannoni, Chairman, Division of Fine Arts, University of Southern Mississippi, Hattiesburg, Miss. Applications must be postmarked no later than April 15.

A sale of performance tested
bulls will be held at Mississippi
State University March 9 begin-
ning at 1:00 p.m. This is a good
opportunity to get some good
bulls of proven ability in your
herd.

The bulls to be sold include
Angus, Hereford, Santa Gertrudis
and Polled Hereford breeds.
The 28 bulls to be sold are of
top quality. They graded "good
plus" at the beginning of the test
and have gained an average of
2.35 pounds per day during the
112 day test.

For more information on the
sale and on consigning bulls to
future performance tests, write to
Jack Taylor of the Animal Hus-
bandry Department at State Col-
lege.

SOLID OR LIQUID FERTILIZER

Here are a few things to consid-
er before you decide to use liquid
or solid fertilizer:

Cost of the total plant food you
need (as liquid vs. solid).

Can you get the kind and
amount of plant food you need
from the liquid fertilizers available?

Cost of application equipment
for solid or liquid fertilizers.

Labor needed to handle and ap-
ply solid or liquid fertilizers.

Do you have an adequate sup-
ply of liquid fertilizer available—
can the plant turn out enough
liquid fertilizer for all customers?

Can you get the equipment that
will give good placement of the
kind of fertilizer you decided to
use?

Think about these items. Then
decide which you will use.

PASTURE WEED CONTROL

Want to get rid of those pes-
sant weeds like dock and thistle?
Right now is the time to do it.
The chemical to use is 2,4-D.
From now through March you
can spray with 2,4-D and not wor-
ry about hurting cotton. Dock and
thistle are susceptible and are rid-
dled by spraying. The herb is sus-
ceptible by clipping.

Pick a day when the weather
is more or less sunny. 2,4-D is
the spraying. This way you can

MEASURE WOULD RAISE LIMIT OF OLD AGE PAYMENT

JACKSON, Miss.—A bill intro-
duced in the Senate Monday
would raise the limit on the
State old age assistance payments.
The measure, by Sen. Billy
Mitts of Enterprise and others,
would fix the amount of aid to
the needy aged and needy dis-
abled at up to \$50 per month.

Mitts also introduced a bill to
make welfare aid available to
needy persons over 65 in licensed
nursing homes.

Sen. Hugh Bailey of Winona
and others introduced a bill to
permit persons whose occupations
require extensive traveling to
cast absentee ballots in elections.

Rep. John Holloman of Lowndes
County introduced a bill to en-
able counties to adopt the county
unit system of road administra-
tion. The procedure has been rec-
ommended by a highway study
committee. Each supervisor in a
county now administers the roads
of his area.

Rep. Clarence Pierce of Carroll
County and others offered a bill
to adopt the driver license com-
pact for the state to insure "maxi-
mum safety on the highways of
the state and her sister states."

Rep. Bob Scribner of Lee and
three others offered a bill to ap-
propriate \$39,500 to the hospital
care commission to finance a re-
gional rehabilitation center at
Tupelo.

Rep. Tom Jones of Perry and
others introduced a bill to ap-
propriate \$500,000 for adult edu-
cation.

Rep. Joe Bailey of Yalobusha
and others offered a bill to take
away the authority of the state
building commission to sell state
lands.

INDUSTRIAL HEALTH HAZARD BIG JOB FOR STATE BOARD HEALTH

The control of industrial health
hazards is constantly becoming a
bigger and bigger job for the
State Board of Health, according
to the State Health Officers.

Dr. A. L. Gray says that the
rapid increase in industrialization
in Mississippi more and more
workers are exposed to more and
more occupational hazards.

Each year, he says, finds more
complex chemicals, plastics, iso-
topes pesticides and production
procedures that add to the occu-
pational hazards in industry.

"Stretching a protective arm
around plant works and the in-
dustry and, at the same time,
monitoring potential hazard areas
outside of industries in order to
protect the public from environ-
mental contaminants"—that's the
way Dr. Gray describes the re-
sponsibility of the State Board of
Health in regard to industrializa-
tion.

The "stretching," however, has
become thinner and thinner as the
number of industries has increas-
ed without a corresponding in-
crease in the public health occu-
pational staff.

One of the public health duties,
as prescribed by law, is the reg-
istration of all plants employing
5 or more women and children,
and inspecting them with respect
to sanitation, safety, ventilation
and lighting.

Last year 239 plants were reg-
istered, and fees amounting to
\$27,840.00 were turned into the
State Treasury. But, ironic
though it may seem, the Occu-
pational Health Division receives an
appropriation of approximately
50 per cent less than the amount
of fees collected.

Public health services are not
limited to just industries employ-
ing women and children, but are
rendered in any of the more than
2,500 manufacturing plants in Mis-
sissippi, as conditions dictate.

Several months ago two cases
of lead poisoning in a small bat-
tery plant was the signal for the
occupational health engineers to
move in. Studies for lead dust and
fumes were made to find the
source of the health hazard, and
when found necessary recommen-
dations were made to correct the
situation. Later when two more
cases of lead poisoning developed,
the public health engineer found
that the plant had failed to follow
through on the recommendations.

Consequently, sterner action
had to be taken to put necessary
control measures in force within
a specified time.

Such cases, however, are few
and far between, says H. L.
Vaughn, Occupational Health En-
gineer who directs the division. In
the main, relationships with plant
management are excellent and
service of the Board of Health are
not only welcomed but requested.

get a better kill.
If the weeds are only in spots
through pasture, spot treat it in-
stead of spraying the whole pas-
ture.

But do not spray pastures
where crickets, clover, red clover,
vetch or winter peas are growing.
The chemical will kill these de-
sirable plants.

FORESTRY NOTES

According to an announcement
made today by Area Forestry
Glenn Purvis, Mississippi Forestry
Commission fire control crews
have suppressed 74 forest fires in
Hancock County since January 1
of this year. These fires burned
over a total of 1100 acres of tim-
berland and caused damage esti-
mated at \$15,000 dollars.

"We can expect increasingly
dangerous fire conditions from
now until the woods and fields
'green-up' late in the spring," he
reported.

"The acceleration of farming
and logging operations, debris
burning and increasing outdoor
recreational activities, combined
with an abundance of fuels and
the high winds of this season,
make this a critical period for
timberlands. Recently established
plantations and other young trees
are especially susceptible to fire-
kill during this season," Glenn
Purvis continued.

"Improvement of Hancock Coun-
ty's forest fire record and the ac-
companying improvement of its
economic base depends, in large
measure, on the active interest
and cooperation of all its people,"
Glenn Purvis added.

He explained that caution
should be exercised in the burn-
ing off of fields at this time. For
ease of control, a fire-break
should be cleared around the
area and the fire set to burn
against the wind. Burning on days
of high winds should be avoided,
as the fire will be difficult to
control. Serious damage is often
caused by fire of this nature
that escape control.

Southern Bell Report Spotlights Growing Southern Economy

The 1961 Annual Report of the
Southern Bell Telephone Company
just issued, spotlights a "Grow-
ing, Changing and Improving"
Southern economy.

The report reveals that while
Southern Bell operates today in
substantially the same geographic
area as 25 years ago, it serves 7.6
million telephones compared with
1 million then. In the past 10
years, Southern Bell telephones in
service have doubled.

President Ben S. Gilmer in the report at-
tributes the telephones growth to
economic progress in the south.
"Our growth," he said, "is evi-
dence of the increasing require-
ments for communications ser-
vices associated with the growth of
cities and suburban and rural
areas."

"The economy of our region in
the past 10 years has increased at
a higher rate than the nation as
a whole. Accordingly, there are
today more business opportunities
and opportunities for employment
of talents and skills by our citi-
zens than have ever existed be-
fore. All of these things resulted
in the need for convenient tele-
phone service in home, additional
and specially designed service to
meet the technical requirements
of modern business and industry
and government services, includ-
ing National Defense."

Mr. Gilmer in the report pointed
out that the economic slow-
ness prevailing in the nation in
1961, including the south, caused
telephone growth to be lower
than in 1960. The Company added
340,000 telephones, compared with
429,000 in 1960. At year's end
subscribers could call 138
million, or 91.6 percent, of all the
world's telephones.

In expanding and improving
telephone service in 1961, the
Company spent \$283 million about
the same as for other recent
years.

The increase in investment in
1961 raised the Company's total
investment in plant, at cost to
\$2,817,000,000 at the end of 1961.
"This large sum," Mr. Gilmer de-
clared, "is a measure of the cost
of the millions of miles of wire, the
millions of poles, the thousands of
motor vehicles, the hundreds of
buildings and all of the apparatus
involved in complex central office
and switching equipment neces-
sary to provide today's service.
It is also a measure of the tre-
mendous amount of capital re-
quired."

"We have a big service job to
do and it cannot be done without
adequate facilities. These facili-
ties must be in good working or-
der, they must be replaced as
they wear out, and new facilities
must be added as required. It is
necessary, therefore, that the
Company be kept in a financially
sound position. Our revenues
must pay all expenses of opera-
tion, provide a reasonable return
to those who have invested in the
business and permit the set-
ting aside of a reasonable amount
of surplus to insure continuing
operations for the long pull, as
an earning rate must be main-
tained at a level which will con-
tinue to be attractive to the investor.
Our earnings amounted to \$1.26
a share in 1961 and must be im-
proved."

FOUR WEEKS LEFT FOR ACQUIRING SAFETY STICKER

Only four weeks remain for ve-
hicle owners to obtain a 1962 Mis-
sissippi vehicle inspection sticker
on their windshield. B. J. Randall,
vehicle safety inspector for South
Mississippi, reminded today.

Randall urged vehicle owners
who have not yet obtained a stick-
er to have their automobiles
checked at an official inspection
station as soon as possible to
avoid a last-minute rush.

After the March 31 deadline,
Randall warned that arrest tickets
will be issued promptly to owners
of vehicles found operating on the
highways without an approved in-
spection sticker.

Vehicle owners have had since
Jan. 1 to obtain an official inspec-
tion of their automobiles and
trucks, Randall noted.

He pointed out that the state
has credited the safety inspection
program with saving an estimated
96 lives during the first year of
operation. Irregularities encoun-
tered during the first year of op-
eration are being corrected this
year, Randall said.

Owners of vehicles involved in
accidents which cause \$25 or more
in damages to their cars were re-
minded by Randall that they must
have the damages repaired and
undergo another official inspection
even if they had obtained a 1962
inspection sticker earlier.

Randall noted that damages of
\$25 or more could generally cause
malfunction of vital systems of an
automobile, requiring immediate
repairs for safety reasons.

University Of So. Miss. Offers Exceptional Opportunity At Biloxi

HATTIESBURG, Miss.—The Bi-
loxi Resident Center of the Uni-
versity of Southern Mississippi
offers a well-rounded curricula
and an opportunity to earn three
full years of college credit in al-
most any desired area to individ-
uals residing along the Gulf
Coast.

All core subjects for the fresh-
man and sophomore years are
available. Following completion of
the core curriculum, students may
major in English, mathematics,
history, business administration,
psychology, and in other areas.

Completion of the Biloxi program
places the student in a position
to earn a degree by doing one
additional year of work on a col-
lege or university campus.

The faculty of the Biloxi Center
is comprised of fully qualified
teachers, assuring the student the
highest type of instruction. Many
of the courses are taught by reg-
ular faculty members of the Uni-
versity of Southern Mississippi.

During the Spring Quarter
courses in salesmanship, advanced
calculus, advanced algebra,
government, and business will be
taught by outstanding members
of the Southern faculty. Plans
call for an ever-increasing num-
ber of classes to be taught by
full-time professors.

All classes offered at the Cen-
ter meet in the Biloxi High School
building, Mondays through Thurs-
days, from 7 p.m. to 10:30 p.m.
Class organization for the Spring
Quarter will be held in the high
school auditorium at 7 p.m. Mon-
day, March 19. New Students can-
not be accepted during this quar-
ter unless they applied for admis-
sion by Feb. 27, 1962.

**Research And Education
Promote State Industry**

Mississippi's industrial growth
and agricultural progress are
being stimulated by research and
education, the best investments
that can be made for the future
prosperity of the state. Income
flows to those individuals, that
know how to create new products
and processes and services, and
to make efficient use of those al-
ready established.

linen in hot water with a heavy
duty detergent. Add the bleach
three minutes to five minutes af-
ter the clothes start washing.

Do not use this type of silk,
wool, acetate or resin treated fab-
rics. If your water contains iron,
do not use this type.

A dry chlorine bleach is also
available. It is recommended for
use in iron-free water and for
white and colorfast cottons and
linens. The only difference be-
tween the dry and liquid chlorine
bleaches is that dry bleach is
said to release the active ingredi-
ents slower and you do not have
to be as careful with it.

Use the chlorine bleaches in
the soak cycle with detergent or
in the wash cycle.

A third type bleach on the
market is the dry oxygen type.
This type is mild and is usually
safe for fabrics that hot water
will not harm. They are safe for

resin treated cottons.
For best results, use the bleach
each time the garment is washed.
Remember, the oxygen type
bleach is much more effective in
hot water.

When using any bleach, read
the manufacturers directions.
Measure the recommended amount
carefully. Dilute the bleach in at
least a quart of water. Add it
carefully to the clothes.

PORK—A GOOD BUY
In terms of real costs, pork is
now more economical than ever.
Too, it is a high protein meat
and is one of the richest sources
of thiamine. It tastes good too!

In selecting pork, choose that
which is grayish pink colored and
has streaks of fat among the
lean. The lean should be firm,
fine-grained with a smooth velvety
appearance. Fat should be
porous red and pink centers.

Protect your pork quality. Keep
it refrigerated. Fresh pork should
be used within a few days of buy-
ing—one day for ground pork,
two to three days for spareribs,
outlets or steaks and five to six
days for roasts.

Substituted Trustee's Notice of Sale

WHEREAS, on April 4, 1961, Leta Benton and her wife, Bertha Lee Benton, executed a Deed of Trust to Roland Maddox, Trustee, for the benefit of U-Finish Homes, Inc., which Deed of Trust is recorded in Land Deed of Trust Book 85, at pages 84-88, in the Office of the Chancery Clerk of Hancock County, Mississippi; and

WHEREAS, U-Finish Homes, Inc., substituted in the place and stead of the aforementioned trustee, R. L. Calhoun, by instrument dated February 9, 1962, and recorded in Land Deed of Trust Book 85, at page 265, of the aforesaid records; and

WHEREAS, default having been made in the payment of the indebtedness secured by said Deed of Trust, and U-Finish Homes, Inc., the holder of the note and said Deed of Trust securing same, having requested the undersigned Substituted Trustee, I will, on the 10th day of April 1962, offer for sale and sell at the front door of the County Courthouse of Hancock County, at the Town of Bay St. Louis, Mississippi, with legal hours of public outcry, to the highest bidder for cash, the following described land situated in Hancock County, Mississippi:

Beginning at the NE corner of the SW 1/4 of NE 1/4 of Section 3, Township 7 South, Range 15 West, thence South 20 feet, thence West 200 feet, thence North 200 feet, thence East 200 feet to the place of beginning, containing 2.00 acres, more or less, and being more or less of the SW 1/4 of NE 1/4 of Section 3, Township 7 South, Range 15 West, Hancock County, Mississippi.

Witness my hand and the seal of said County, this 12th day of March, 1962.

CLASSIC CUSHIONTONE

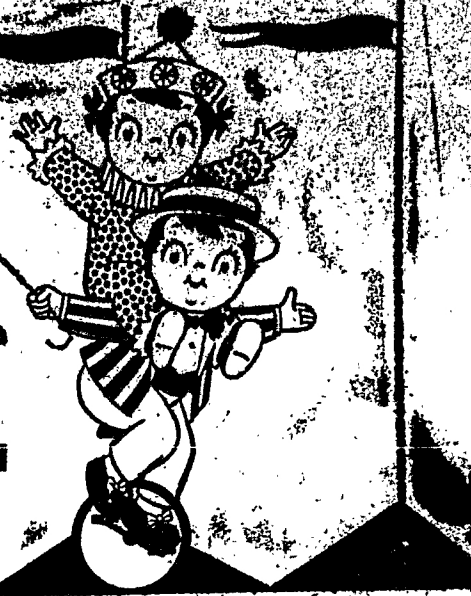

Never before a perforated acoustical ceiling so perfect for any room in your home! Yet Classic Cushiontone costs no more than ordinary perforated ceiling tiles. It costs only \$27.72 for an average 10' x 12' room, and you can easily install it yourself.

Best of all, Classic Cushiontone is easy to live with. Washable and repaintable, it requires no more care than an ordinary ceiling. It's more permanent than plaster, too, because it won't crack, chip or peel. Other Armstrong ceilings start as low as 60¢ per sq. ft.
